

ROAD MACHINERY & SUPPLIES CO.

Our triple alloy premium quality steel is designed to maximize wear life in intense abrasion and impact environments.

This product is easily welded without cracking and can be custom fabricated by bending or machining.

WEAR STEEL

**TRITEC 450**

PRODUCTS

### **Tri-Chrome Tritec Chromium Carbide Overlay Plates**

will reduce your downtime and maintenance costs. Always in stock in a variety of thicknesses, it is ready to be fabricated for any of your applications.

### **Tri-Core Tritec Abrasion Resistant Pipe and Elbows**

with a 600bhn induction hardened core will give you 4-6 times the wear of conventional carbon steel pipe and is available in a variety of sizes ranging from 2.5" - 24". 600 Bhn inside diameter hardness, 250 Bhn outside diameter hardness.

### **Tritec Abrasion Resistant Screens**

Whether made from Tritec 450 or stainless steel, we are your source for screens.

### **Tritec Hadfield Manganese**

Our high carbon, 11/14% manganese steel plate for your fabrication wear parts, liners, pins and bushings meet Rol-Man specifications.

### **Tritec Stainless Steel**

At Tritec we stock a variety of grades including abrasion resistant austenitic NITRONIC 30, AL6XN, RA253MA, Carpenter 20, Alloy 20, DuraCor, 301, 301 - 1/4 Hard, 301 - 1/2 Hard, 304/304C, 309/309C, 310, 316/316C.
